

### 4-H's Add Beauty, Comfort To Homes Through Club Work

Home is where the heart is and where 4-H Club members are hard at work with wall paper, paint, hammer, saw and sewing machine.

Coast to coast some 200,000 girls and boys are midway in 4-H home improvement projects, reports the National 4-H Service Committee. Their hearts are set on winding up near the top in the annual competition for state, county and national awards.

#### Family Enterprise

The home improvement project usually involves the entire family because whatever the 4-Hers plan to do must have the sanction of their parents. An

selected colors for walls and draperies, chose fabrics and sewed both draperies and curtains.

The Williams' home became a showplace for home improvement 4-H Clubs in the area. Patricia's reward was pride of accomplishment, saving her least money, and last but not home improvement college scholarship and a trip to the National 4-H Club Congress in Chicago last year.

Room is Palace

On the East coast another 4-H home improvement national award winner claimed that "my room is my palace" and worked up a prize-winning demonstration to prove it.

She is Kathleen Scott, 18, who has done one room at a time in her Amsterdam, N.Y., trial home. She is the daughter of Mr. and Mrs. Michael Scott who operate a 350-acre farm.

Next fall the Cooperative Extension Service will select the 1963 state award winner on the basis of all-around 4-H achievement, leadership, citizenship and excellence in the home improvement project.

Awards for Many

The girl or boy will be a state delegate to the National 4-H Club Congress and will be eligible for one of 850 national scholarships provided by the Ervin Williams who purchased a home in Visalia, Calif. needed a thorough refurbishing job.

Daughter Patricia, 19, through her 4-H home improvement training and learn-by-doing experiences made a major contribution.

Patricia helped with the planning, interior rebuilding and decorating. What's more she

foreign aid, etc. \$2.2 billion more than we exported.

Q. Should the average employee be concerned over an unfavorable balance of payments situation?

A. Not only the employee but every American — regardless of his economic status — should be concerned since the nation's well-being is adversely affected by an unfavorable balance of payments situation.

Q. How is the country's well-being affected?

A. When foreign nations are able to sell more goods than we can buy, the balance of payments is in our favor. When the reverse occurs we fall into an unfavorable position.

Q. How did we wind up in 1962 with respect to our balance of payments?

A. Unfortunately because we showed a deficit of \$2.2 billion in our balance of payments account. In other words we paid out for imports, investments abroad

Q. What is meant by the United States' international balance of payments?

A. Our international balance of payments represents the difference between this country's total sales of goods and borrowing abroad and its total purchase of goods and lending abroad. Thus, when our total international receipts are greater than our payments the balance is in our favor. When the reverse occurs we fall into an unfavorable position.

Q. What is the cause of this difficulty?

A. The principal cause is the fact that American industry must meet greater production costs than foreign industry.

Q. What is the most important of the differences in costs?

Keep carnations and orchids fresh longer by putting them in a tightly sealed plastic bag containing a few drops of water. Put the bag in the refrigerator.

## Poison Ivy A Painful Summer Experience

A bad case of poison ivy can be the unhappy ending of an otherwise happy summer outing.

"Each year, many children - and adults too - suffer painful experiences from coming in contact with poison ivy," says Auburn University Horticulturist Troy Keeble.

He advises gardeners and campers to learn how to identify the plant so that they can avoid this uncomfortable skin irritation.

"Poison ivy may be in the form of a low shrub or a vine climbing into trees or fences," Keeble says. "And in climbing, it's supported by roots along the stems. The compound leaves are composed of three shiny leaflets - each two to four inches long and pointed at the tip. Only one three-part leaf grows from each joint on the stem."

The flowers and fruit are always in clusters on slender stems, explains the Extension Service specialists. All parts of the plant contain poisonous material which may cause blistering of the skin. The plant often changes from bright green to red or reddish-yellow in the fall.

## SATURDAY PROCLAIMED TOMMY VAUGHAN DAY

### Purchase Of Voting Machines Approved By Commissioners

Coffee County Court of Commissioners voted at meeting Monday to purchase voting machines for the county at an approximate cost of \$31,250.00. They purchased 17 machines at the rate of \$1,843.75 each. Six of these will be placed in Beat 9 (New Brockton) and nine in Beat 17 (Enterprise).

The machines will be delivered in July, 30 days prior to the amendment election which will be held August 8th. Machines will be set up in each Beat so that voters may examine them, examine the machines and otherwise become familiar with the operations of the machines. Voters will have an opportunity to go through the process of casting their vote. That will enable them to cast an actual ballot on election day without any time lost in learning the operation of the machine.

An announcement will be made later as to where the machines will be located in Elba, Enterprise and New Brockton for the purpose. Voters are urged to take advantage of this opportunity of examining the machines before they receive with the voting machines \$8 per day for a shorter period of time.

Two amendments will be voted on August 8. Amendment No. 1 will be if voters approve an increase in the State Corporate Tax from 3 to 5 percent. Amendment No. 2 will be if voters approve an increase in the state-wide, also, but will only effect Coffee County. That amendment will be as to whether the Coffee County Board of Education would be allowed to sell voting machines for the purpose of voting machines. There will be a time of education in the use of the machines which the county officials are offering to the voters during the 30-day period before the first election.

Public Invited To Gala Event Honoring Elba's Scholar

The Tommy Vaughan Day activities will get under way at 2:30 Saturday afternoon, May 18th, at a coffee at the Mutual Savings office. Reception hours will be from 2:30 until 4 o'clock. The public is cordially invited and urged to attend the coffee and visit with Tommy Vaughan and others.

A dinner will be held in Tommy's honor at the Elba High School cafeteria Saturday night at 7:30. Tickets are being sold for the dinner. Dr. Frank Rose will make a short talk and Judge Eric P. will make the presentations of gifts to Tommy from the people of Elba.

Visitors will register in a guest book at the coffee during the afternoon reception hours, which will be presented to Tommy along with pictures, newspaper articles, letters and telegrams.

Elba is recognizing Tommy Vaughan, who has been an unusually outstanding student at the University of Alabama the past four years and prior to that was a student of the Elba High School in Elba, Alabama. Along with scholastic average, Tommy has an excellent personality which endeared him to the people of Elba. He has maintained a 2.93 scholastic average out of a possible 3.0 for the entire four years at the University. During his high school years in Elba he played left trumpet in the band for five years (solo trumpet), was an All-State Trumpet player for three years, was president of the Tiger Band and member of the Elba Phi Alpha, German Honor Society, and the Elba Methodist Church and of the Youth Fellowship; was president of the MYP and vice-president of Sub-District MYF. He was a member of the Beta Club, serving as treasurer and president, and attended the State Beta Club Convention three years. He was popular in Who's Who at Elba High. While a Junior he was voted the most popular boy in high school and most talented. When a Senior he was selected as the most intellectual and most talented. On the Student Council he served as vice-president. While a Senior he was prophet.

The first game was Tuesday, May 14, at the ball when Elba defeated the Senior team 5:00 P.M. The winner then played the other team on Wednesday, May 15, 5 P.M. These teams will be named later.

TOMMY VAUGHAN

Rural Mail Box "Little Miss Elba" To Be Selected

Next week has been designated by Postmaster General J. Edward Day as rural mail box improvement week. Each year in the spring a time is designated for special publicity to focus attention on rural mail boxes, to point out the necessity of beautifying mail boxes along with spring housecleaning.

The unsightly appearance of a large number of rural mail boxes has caused the Post Office Department official concern and the Postmaster General is asking for a nationwide campaign to clean up these neglected spots.

More than half a century ago rural free delivery service was established. At first ridiculed as a foolish experiment, patrons who received mail in those first days put up shaky posts and attached discarded tinware and old baskets to hold the mail. Later the Department stepped in (CONTINUED SIDE)

Ladies Softball Organized For Summer

Three ladies softball teams have been organized in Elba. Team No. 1 is represented by Mrs. Wanda Corley - this is all NASCO personnel. Team No. 2 has as its captains Mrs. Gloria Burdick and Evelyn Dupree.

Team No. 3 is captained by Becky Morrow.

Managers for these teams are James Kelly, NASCO; Roy Parrish, team No. 2, and team No. 3, Donnie Morrow.

Any lady interested may contact either one captain or manager.

The first game was Tuesday, May 14, at the ball when Elba defeated the Senior team 5:00 P.M. The winner then played the other team on Wednesday, May 15, 5 P.M. These teams will be named later.

Funeral Services Held Wednesday

Relations and friends were saddened Tuesday morning when it was learned that Mrs. Charles P. Hayes had died at 7 o'clock in an Enterprise hospital. She was the wife of Dr. C.P. Hayes, who is confined to a Montgomery hospital following surgery.

Mrs. Hayes was Miss Kate Stephens of New Brockton before she married Dr. Hayes July 23, 1911. She was born June 21, 1892.

Dr. and Mrs. Hayes celebrated their 50th Wedding anniversary July 23, 1961.

Funeral services were held Wednesday afternoon at 3 o'clock from the First Baptist Church in Elba with Dr. Charles Graham, the Rev. R.L. Lawrence and the Rev. Welby Bozeman officiating. Burial was in the Evergreen Cemetery in Elba. The body lay in state at the church one hour prior to service time.

Survivors include her husband, Dr. C.P. Hayes, Sr.; Charles, Jr.; Elba; two grandchildren; two great-grandchildren.

Sunday guests of Doctor Hayes, Mrs. Ed Hudson and Mr. and Mrs. Shirley Carpenter, Dr. and Mrs. Valerie; Mr. and Mrs. Doyle Carpenter, of Ozark.

Doctor and Mrs. Marshall Kingsford, Warren and Valerie, spent the weekend with Dr. and Mrs. W.M. Kingsford and Mr. and Mrs. Shirley Carpenter.

Wallace Appointee To Speak At May Session Of Elba Chamber Of Commerce

Industrial Chief

At Ladies Night

The May meeting of the Chamber of Commerce will be held Tuesday night, May 21, at 7 o'clock, at the Elba High School Cafeteria. All members are urged to attend this meeting and take a guest. This will be the annual "Ladies Night."

Charles Leonard Beard will be the guest speaker. Beard was appointed by Governor George Wallace as director of the State Planning and Industrial Development Board January 15.

Beard was born in Cochran, Virginia, in 1905, but spent most of his early life in North Carolina, having graduated from the Fayetteville, North Carolina high school in 1924 and from the University of North Carolina with an A. B. degree in 1928. He came to Alabama that same year and since 1934 has been owner and manager of a bottling company in Sheffield, Alabama. He is a member and past president of the Alabama Bottlers Association.

Beard is interested in every phase of community life, as evidenced by his many civic activities in Sheffield. He served as a member of the State Commission for 14 years and as mayor of Sheffield from 1950 until his appointment as a member of Governor Wallace's cabinet.

He is a member of the Alabama League of Municipalities, and served that organization as president from 1953 to 1956; is a member of the Senior Class, Valerian with straight A's and member of the annual staff.

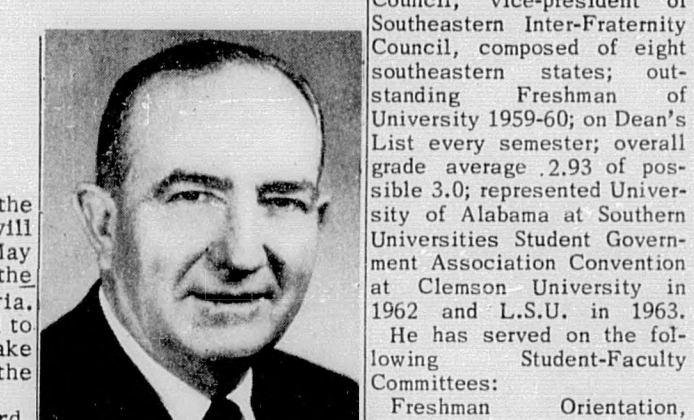

Tommy was a representative to Boys State and played the male lead in the Junior and Senior Class plays. He was a member of the choir at the Methodist Church for six years and assistant Sunday School superintendent.

At the University of Alabama he is a member of Pi Kappa Phi Fraternity; Chairman of Pledge Class, rush chairman, scholarship chairman, activities chairman, historian, secretary, president for two years, outstanding Active three consecutive years, 1961, '62 and '63 was selected as National Pi Kappa Scholar when only nine in local chapter, 1961, '62 and '63 was the recipient of Student Lamp award three consecutive years for having highest scholastic average in local chapter, 1961, '62 and '63 was the recipient of the National Pi Kappa Phi Honor Award in Lansing, Michigan during the summer of 1962.

He has been awarded many honorary and scholastic honors; Phi Beta Kappa, the oldest honorary in existence; one of five Juniors selected to participate in Honors Program of School of Arts & Sciences; Alpha Epsilon Delta, a pre-honorary; Jansons Senior Honor Society; and representative of Arts and Sciences to Student Legislature (elected by record vote); public chairman for Homecoming 1961; Student Health Insurance Commission three years; Campus Community Chest Chairman; Solicitor General of Student Council; and representative of Student Government Association.

Among other honors was Secretary of Inter-Fraternity Council; vice-president of Southeastern Inter-Fraternity Council, composed of eight universities; and representative of Student Government Association.

He has held many campus offices including secretary-treasurer, School of Arts and Sciences; president, School of Arts and Sciences; representative of Arts and Sciences to Student Legislature (elected by record vote); public chairman for Homecoming 1961; Student Health Insurance Commission three years; Campus Community Chest Chairman; Solicitor General of Student Council; and representative of Student Government Association.

CHARLES LEONARD BEARD

Ham Church To Observe 'Debbie Compton Day'

All members and friends of Ham Methodist Church are cordially invited to observe 'Debbie Compton Day' at the church Sunday, May 26, from 10 A.M. until you are ready to go home.

Mrs. Debbie Compton, senior member of the church, will be 91 years of age on July 13. She has loved her church these many years. Easter of 1958 the first sermon was preached in the new church building. It is now debt free and will be dedicated shortly after lunch. Aunt Debbie has longed to see this day come. She stated in a close friend, "Now that the building is paid for, God can call me home when he sees fit."

Her children are: O.C. Compton; and Shellie Maloy, deceased; L.F. Compton, Mrs. Felix Parker, and Mrs. I.D. Cooper.

The history of her life will be given by Patricia Ennis, a great grand daughter. At the noon hour a basket lunch will be served.

Ellis Elected Vice-Pres Of Alabama Jaycees Representing District 10

Eleven Southeast Clubs In Ellis' District

Charles Ellis was recently elected state vice president of the Alabama Jaycees, representing District 10. Mr. Ellis will represent District Ten, which includes eleven clubs in southeast Alabama.

For the past year, Charles has done an outstanding job as president of the Alabama Jaycees, representing District 10. He was elected as vice-president of the Alabama Jaycees in 1962. He has been a member of the Alabama Jaycees since 1954. He is a member and past president of the Alabama Bottlers Association.

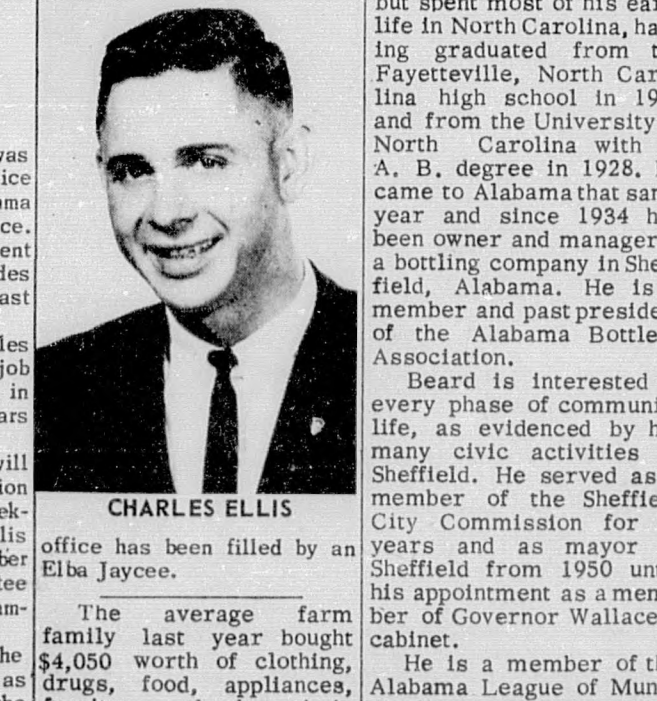

Beard is interested in every phase of community life, as evidenced by his many civic activities in Sheffield. He served as a member of the State Commission for 14 years and as mayor of Sheffield from 1950 until his appointment as a member of Governor Wallace's cabinet.

He is a member of the Alabama League of Municipalities, and served that organization as president from 1953 to 1956; is a member of the Senior Class, Valerian with straight A's and member of the annual staff.

### Barlow Reworking Water Disposal System On Farms

Future Farmers in each of the five districts of Alabama are polishing up their talents in seven areas of competition this spring, making ready for the finals of the State contest eliminations set for Auburn in June.

Eliminations have already been held to select representatives from the five vo-ag districts who will go to Auburn. Young farm boys with expert skill in judging livestock, dairy cattle and land, driving tractors, speaking in public, singing in quartets and playing in string bands will compete for State honors at the finals. From there they can look forward to Tri-State competition later this year.

Each of the five districts will represent their section of Alabama. In the judging events, tractor driving and string band, two representatives - the first and second place winners from the five district eliminations - get chances at State titles.

Altogether in seven contests, there will be 55 different entries. Some of these entries, the judging teams, quartets and string bands, will be groups of four or more boys. These contestants, plus their all-arounders, will be judged on their ability to perform in the field, on the farm and in the classroom.

These practices are being applied on the land in cooperation with the Coffee County Soil Conservation District.

If you don't say anything, you won't be called on to repeat it.

—Calvin Coolidge.

Cauliflower is nothing but cabbage with a college education.

—Mark Twain.

"Loneliness is an experience you undergo when you are without money among relatives."

The coming warm weather months will mean that many of you will experience skin irritations. Athlete's feet, chafing, prickly heat, sunburn and heat rash are common to summer weather.

Naturally, the best health advice is to exercise caution and avoid the need for treatment of these conditions. But, should they occur, consult your physician if it is serious. If it is minor, we have many salves, ointments, powders and whishes used specifically for relief of summer skin irritations.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

### Rushing Plans To Solve Livestock Water Shortage

John Rushing Jr. of Elba is making plans to solve the water shortage for livestock on his farm west of Elba. The springs and branches dry up during the dry summer months. The cattle suffer for the need of good water to drink.

Mr. Rushing with the help of ACP cost-sharing and local SCS personnel is planning to build a pond for livestock water on his farm this year. SCS personnel assisted in making the needed soil investigations and engineering surveys to do this work.

Pond surveys have been completed for the following farmers in West Coffee County: Jarvis Eliland, Basin; Roger Winston, Elba; J.S. Daniels, Elba; Roy Jackson, Jack; Hollie Bourwell, Winston; and J.H. Foley, Curtis.

Present pond owners in West Coffee County that have problems with your ponds, let your local SCS technician know about it. Plans can be made to check the pond, if the information needed is received before May 20.

Legend has it that about 30,000 years ago, a prehistoric man wrapped some meat in spicy leaves to keep it clean while he cooked it. To his surprise, he found that the meat had a new flavor. He had discovered the art of seasoning.

"Blessed with an abundance of seasoning ingredients, today's homemaker wants to know the difference between herbs and spices," says Auburn University Consumer Education Specialist Dorothy Overby.

She explained: "Spices are parts of plants - the bark, roots, leaves, stems or fruit. They are always dried and available whole or ground. Herbs are the leaves or blossoms of soft, juicy plants, and are available fresh or dried, whole, ground, crushed or rubbed."

"There isn't an established rule for using spices and herbs," says the Extension Service staff member. "But an important point to remember is this: a light touch is the right touch. This way, the applied flavor enhances the basic food, but doesn't hide it."

**The Immovable** - "Our big church in Phoenix has a cross on the tower. Some visiting Mexicans came in last Sunday, crossed themselves, knelt, and prayed before they realized their error. Surprisingly enough, the sky didn't fall. Then, as an usher, I took them down the street to St. Mary's, and passed in that great temple for a Protestant prayer of my own. The sky didn't fall there, either."

—Glen Arnold in Presbyterian Life.

### Follow Precautions Against Lightning

Lightning can make atomic bombs look like firecrackers. It is estimated that we experience about 30 to 50 strokes of lightning every square mile each year in some areas. A building only 50 feet high has a good chance of being struck once every four years.

Authorities point out that the thunderstorm season is already here, but that a few simple precautions can reduce the possibility of property damage or personal injury.

Listed are these facts: Lightning tends to strike the highest object in an area where a static charge has built up. For this reason, it's safer to simply lie down on the ground or in a low place if you're caught out in the open. The safest place to be during such a storm is a steel frame building, a building protected by lightning rods or an automobile. Avoid open windows and doorways, fire places, metal objects - especially the kitchen sink or television set.

It is reported that lightning rods offer protection to home and other buildings if properly grounded and they can be installed in a tree top to protect a herd of cattle.

The 1963 wheat crop - winter and spring - is now estimated to be 1,167 million bushels.

A farmer receives only 27 cents for the cotton in a \$4.16 dress shirt.

Last year, U. S. hens laid an average of 210 eggs - three dozen more than the 1950 average.

Farmers in the U. S. harvested about 306 million acres last year. This is 1.4 per cent less than 1961.

## The Elba Clipper

VOLUME 65

ELBA, ALABAMA, THURSDAY, MAY 23, 1963

NUMBER 45

DOCTOR FRANK ROSE AND TOMMY VAUGHAN displaying framed resolutions presented to Tommy at the dinner Saturday night. Doctor Rose, president of the University of Alabama, was the guest speaker at the "Tommy Vaughan Day" dinner.

Other personnel from the University included Dean John L. Blackburn, Dean of Men; Dean Frederick W. Conner, Dean College of Arts and Science; Dr. John Ramsey, Professor of History; Dean Tom McLendon, Assistant Dean of Men; Dr. O.R. Emerson, Professor of English; Dr. James H. Newman, Executive Vice-President of University of Alabama; Colonel Van Brown, assistant to Dr. Rose and personal pilot, and Mrs. Rose. Tommy's guest was Miss Donna Griffin.

Pi Kappa Phi members present were: Bobby Inman, Danny Clecker, Steve Trimmer, Charlie Atkins, Tommy Stowe and Bill Jones. Young ladies from the University included Diane Clark, of Cottondale; Rae Wade, of Mobile; Connie Lisenby, of Monroeville, and Linda Roberts, of New Brockton.

The State Resolution, signed by Governor George Wallace, was introduced in the Legislature by Drexel Cook and approved by the House and Senate. This framed Resolution was presented to Tommy by Representative Drexel Cook.

Mayor Dozier Roberts presented the Resolution from the City of Elba designating "Tommy Vaughan Day" which was signed by Mayor Roberts and City Clerk Harold Clark. Another Resolution was presented Tommy from the Elba P.T.A. This Resolution was presented by Mr. Inman.

A plaque was presented by Mr. Inman from the Citizens of Elba. A duplicate was given to Principal Lamar Foley to be placed in the trophy case at the Elba High School.

Tommy was presented a microscope from the citizens of Elba. Tommy will enter medical school this fall.

The "Tommy Vaughan Day" affair was one of the most beautifully planned and carried out of any event in the South. Tommy has maintained a 2.93 average during the entire four years at the University of Alabama. It was most appropriate that he be so recognized as a student of such unlimited ability. He was one of the Elba Schools most unusual students and is a model before other students in Elba's schools.

Serving on committees for the "Tommy Vaughan Day" honor was: Sonny Inman, who did an outstanding job as chairman, Inman worked constantly from the beginning to make this one of Elba's most remembered events. He is to be highly commended for the excellent job of making this such a successful day.

Other committee members working with him were Ben Brock, co-chairman; Kate Murphree and Inna Warr, coffee committee; Flournoy Whitman, food committee; Sybil Taylor, decorating and serving chairman; Bonneau Rowe, ticket committee chairman; Dr. J.M. Kimmey, gift chairman; Mr. and Mrs. A.T. McRae and Jim Dowdy, publicity committee; Walter Cox and Bill Stokes, Fraternities and Bowd Murphree, finance chairman.

**State Jaycees Elect Jerry Brown National Director At Mobile**

Defeated Popular Candidate In Record Vote

A record breaking number of approximately 650 Jaycees watched Elba's Jerry Brown defeat Bay Minette's Tom Russell for National Director of Region number four at the State Convention held last weekend in Mobile.

Brown, who has completed a tremendously successful year as State Vice-President, will take office July 1.

In the past three years members of the Elba Junior Chamber of Commerce have filled four State Offices. Only a few, if any, of the Alabama Jaycee Chapters can boast of this accomplishment.

The Elba delegation attending the convention were

### Elba City School Teachers 1963-64 Announced By Bowden

The Elba City School Superintendent, Max Bowden, announced today that all teachers had been re-elected for their respective positions for 1963-64. Resignations have been received from George Grider, Joseph Haywood, Mrs. Louise Freels, Mrs. Dorothy Bowden, and Mrs. Martha Childs. "These teachers have certainly contributed to the over-all school program and their presence will be missed," Bowden stated.

The board of Education has assigned Charles Jacobs, presently employed as Science Instructor, to the new position as D.E.-D.O., Coordinator for Elba High School. A replacement for the science department has not been named.

Other moves in the system include Elmer Taylor to the Superintendent effective July 1 to replace Max Bowden who resigned that position in January.

"The faculty as a whole has worked together well and is one that Elba can be proud to claim," Bowden commented, and also that "we expect great things from the students and teachers in the future."

Those returning to schools are:

**Elementary**

**First Grade**

Mrs. Nellie Martin, Mrs. Ruth Hawkins, Mrs. Violet Rainier.

**Second Grade**

Mrs. Virginia DeVane, Mrs. Agnes Ingram, Mrs. Sara Sharpless.

**Third Grade**

Mrs. Addieleen Prescott, Mrs. Jesse Windham, Mrs. Xuripha Dunaway.

**Fourth Grade**

Mrs. Erie Crook, Mrs. Jean Paul.

**Fifth Grade**

Mrs. Dixie Deal, Mrs. Jilly Williams, Miss Lillian Morris.

**Sixth Grade**

Mrs. Flossie Harper, Mrs. Addie Belle Martin, Mrs. Mary Carnley.

**63 Seniors To Receive Diplomas**

Sixty-three Elba High School seniors will be awarded diplomas at the commencement exercises which will be held at 8:00 p.m. Tuesday, May 28, Mr. John R. Stewart, Superintendent of the Brewton Schools, will give the graduation address. Invocation will be given by Dr. Charles Graham, pastor of the First Baptist Church.

The minister, Jerry Humphries, pastor of the Church of Christ, will deliver the baccalaureate sermon in the school auditorium at 8:00 p.m. Sunday.

In addition to revealing the above information, Principal Lamar Foley wishes to express the faculty's appreciation to the many P.T.A. members and other school friends who have helped to make this a successful school year.

Report cards will be given to students on Tuesday, May 28, and school will officially close on Tuesday night with Commencement.

LITTLE MISS ELBA - Beautiful Rebecca Kelly, daughter of Mr. and Mrs. Edward Kelly was selected in ceremonies last Thursday night at the Elba High School. The event was sponsored by the Elba Lions Club.

"Little Miss Elba" is in the first grade at Elba City School. She will participate in the Peanut Festival this fall and will compete with others in the "Little Miss Peanut" contest.

**St. John Guest Speaker At Elba Lions Club Tues**

Vernon St. John, Superintendent of the Opp City Schools, was guest speaker at the Elba Lions Club meeting on Tuesday night, May 14.

St. John spoke to the group about his activities as a member of the committee working to bring the U. S. S. Alabama to Mobile Bay to preserve as a memorial to those who died in World War II and the Korean conflict. He showed colored slides of the ship and other points of interest from his recent trip to Bremerton, Washington Naval Yard as part of an inspection tour concerned with getting the movie started.

Other guests were: Lions Roy Sims, Bob Ellis and Zella Crumpler, of the Enterprise Lions Club.

**Ham Church To Observe Special Day Sunday**

All members and friends of Ham Methodist Church are cordially invited to observe, "Debbie Compton Day" at the church next Sunday, May 26th, beginning with Sunday School at 10:00 A.M. preaching at 11:00 by Mr. Robert Marley, closing for lunch after the giving of the history of the life of Patricia Ennis, a great-granddaughter. An old fashioned basket lunch will be spread at 12:30 followed with the dedication of the church building by the pastor, Rev. R.L. Lawrence.

A feature attracting a lot of interest is the barbecue that is being served the same night, beginning at 5 o'clock in the afternoon.

**Basin Community Center Sponsoring Barbecue Program**
